## 5.2 Dress Code

Since you are from Pakistan, the dress code is similar.

If someone from some other part of the world asks what that means, then in simple terms it means making sure all parts of the body between the neck, elbows and knees is covered with a material which is 100% opaque.

In some cultures it is ok to be not covered in the washroom because the people are of the same sex. This is not common in Pakistani society so it may come as a shock the first time you are in such a situation.

If some tourist is not covered appropriately and is obviously offensive, then you can politely remind him or her about the culture in Dubai. Do not start a fight in case they retaliate.

If a quarrel or fight starts, then both parties shall be whisked away for questioning.

## 5.3 Code of Conduct Document (2011)

### Dubai's Code of Conduct

The “Rules of Conduct in Dubai” were prepared by the Executive Council under the direction of HH Sheikh Hamdan Bin Mohammed Bin Rashid al Maktoum, Crown Prince and Chairman of the Council.

#### **The aim of this document:**

This guide aims at setting the standards for social ethics and mutual respect that shall be followed by all of Dubai's citizens, residents and visitors in respect of the Emirate's culture, religion and habits.

#### **Traditional:**

Dubai's culture is rooted in Arabic and Islamic tradition. Dubai is built on foundations that are rich in history and tradition. Dubai is a forward- looking society that is equally bound to its culture and heritage. Its religion is Islam, the timeless values of which lie at the heart of Dubai's living heritage, providing strength and inspiration that touch all aspects of everyday life. Dubai holds the family as the most important institution in society and the cornerstone of societal life. Dubai is a city that is proud and rich in its tradition, with its remarkable combination of the traditional values of the East, in terms of modesty, and the technologies of the West, in terms of development. Dubai is keen on protecting and promoting its traditions as conveyed by Islam, as well as its Arab identity and culture. This makes Dubai a traditional and socially conservative yet progressive, open and tolerant city.

#### **Tolerant:**

Dubai has always been renowned for its tolerant outlook. Dubai has built a reputation for being open to new ideas and ways of doing things. This has enabled Dubai to become a global center for innovation, tourism and business. Living and working in an environment of open-mindedness and tolerance has encouraged many to have the confidence to discover their true calling in life, knowing that they will be supported and nurtured in their endeavors. This has enriched life in Dubai, just as Dubai's spirit of freedom has enriched the lives of so many individuals. From a business point of view, the reason why so many international companies have chosen to invest in Dubai is again Dubai's pragmatic, open attitude. Thousands of companies have flourished in the Emirate's free zones and commercial centers operating to global standards of governance and efficiency. In line with Islam's tradition of tolerance and openness, freedom of faith and practice is a reality in Dubai. This has allowed other belief systems to flourish in Dubai, a demonstration of Dubai's respect for diversity.

### **Sophisticated:**

Dubai is a city with style and charisma. Dubai has successfully fused sophistication with charm. It has redefined the meaning of luxury with its stunning hotels, award-winning restaurants and its position as an international shopping destination. Dubai provides an open environment where talented professionals can build their careers and entrepreneurs can create exciting opportunities on the back of world-class infrastructure and continuous government-led innovation. Tourists and residents alike can experience the finest service, state-of-the-art technology and exquisite luxury. Dubai has also brought the meaning of sophistication to life by attracting worldwide media attention and high society, in addition to an ever-expanding list of sophisticated and stylish cultural, social, economic and sports events.

### **Energetic:**

Dubai has an aura of vitality and a get-up-and-go spirit. Visitors are struck by the ingrained optimism and spirit of adventure and innovation that permeates through all layers of the community. To a holidaymaker, a business traveler or a resident, Dubai is a place where there is always something exciting to see and do. This energy gives people from around the world the opportunity to make their ambitions a reality. Many artists, entrepreneurs and engineers come to Dubai to seek inspiration and new ways of looking at things. They are also attracted by Dubai's unique entrepreneurial spirit. Since the days of the pearl diving industry, Dubai has been a place of successful trade. Traders have therefore learned to be skillful and shrewd, to anticipate global changes and use them to their local advantage. This can-do spirit is an important driving force that filters through the 'open for business' culture.

### **Embracing:**

Dubai aims to bring together the best in people. Dubai's success is based on the vision and commitment of its leadership, the generosity and aspirations of its people and the contribution of many people from different parts of the world, many of whom have chosen to make Dubai their permanent home. This creates a blend of many cultures that coexist peacefully. With over 150 nationalities, Dubai is a rich melting pot that provides opportunities for people to meet, discuss ideas, innovate and forge new business relationships. Dubai's streets and shopping malls are alive with numerous languages, customs and cultures. Dubai also brings together tradition and modernity, as the past, present and future live harmoniously together, each drawing strength from the other. As such, Dubai is an international symbol of how different cultures can achieve mutual enrichment through sharing their ideas and experiences. Therefore respect for one another's values and cultures is intrinsic to Dubai's residents who assimilate courteously into the community by adopting a spirit of tolerance.

**Generous:**

Dubai's doors are open to everyone. Hospitality is central to the soul of Arabian culture and is deep rooted in Arabia's history. In the past, desert travelers yearned for areas inhabited by Arabs, because the Arabs' hospitality meant that the travelers could eat and stay with their hosts for as long as they chose to. Hospitality in the desert started as a custom, and has now grown into a social grace. Dubai has always looked outwards towards the wider world. It has welcomed traders and visitors with tolerance and compassion. In turn, it has adopted an approach to foreign affairs that is compatible with its own identity.

**Visionary:**

Dubai has always looked towards the future. Dubai has always played a pioneering role in encouraging its people to excel in an environment where the impossible is possible. The wisdom and perseverance of Dubai's leadership and people have transformed what was once a small fishing community into a world-class commercial capital at the heart of the Arabian Gulf. An early example of Dubai's visionary heritage can be drawn in the 1950's from the late Sheikh Rashid bin Saeed Al Maktoum. He recognized then that Dubai's future was firmly linked to trade from overseas and that careful development of its ports would be central to its long-term success. Today, evidence of this vision can be seen in every aspect of the Emirate's development, from embracing the latest technology, to multi-billion dollar investments in infrastructure, government services and security.

**Proud:**

Dignity is a cornerstone of Dubai's culture. Based on the philosophy of respecting oneself before expecting others to respect you, Dubai has always encouraged its residents to behave in a humble and courteous manner. Therefore, in every part of life, whether it is the clothes people wear, the way they talk or their general behavior in public, self-respect is vital. As the Gulf region and Dubai are borne out of a tribal society, the behavior of one's friends and companions can also reflect on the way a person's dignity and self-respect are seen by others. It is therefore equally important to treat others outside this circle in a way that honors their sense of dignity and respect. Speaking calmly and courteously to others, behaving in a serious and controlled manner in public places, and always honoring your word, are important examples of demonstrating this respect for others. It is entrenched in Arabian tradition, passed down from generation to generation, that every human being must be treated with dignity. Dubai's culture and laws are all designed to ensure that the dignity and self-respect of everyone are upheld to the highest standards, regardless of where people come from.

## **1. Social Ethics:**

Dubai is characterized by the interaction of a large number of cultures and nationalities. However, the culture, customs and traditions of the United Arab Emirates and its people shall be respected by adopting courtesy and moderation and avoiding all types of improper behaviour in the Emirate.

### **1.1. The symbols of the state:**

It is the duty of every citizen, resident and visitor to show respect for the symbols of the United Arab Emirates' rulers, flag and national emblem. The abuse of any of those symbols is a crime punishable by law.

## **3. Driving safely:**

Traffic on Dubai roads is increasingly becoming a major issue for commuters. Following simple security and courtesy rules can make the roads safer and more user-friendly. All road users shall demonstrate respect and consideration for one another.

### **3.1. Speeding:**

Speed limits are clearly signposted and must be respected in order to ensure the general safety of all road users. Car racing is extremely dangerous and shall be avoided. Driving below speed on fast lane is also dangerous. Most of Dubai roads are monitored by radars and fines are high.

### **3.2. Tailgating and lane discipline:**

Driving fast behind other cars and flashing headlights at them as well as jumping from lane to lane and overtaking are dangerous practices that can lead to fines.

### **3.10. Weather conditions:**

Drivers should be aware of the occurrence of abnormal weather conditions such as thick fogs and sand storms and avoid high speeds.

## **4. Mutual respect:**

Personal freedoms in Dubai are guaranteed to all. However, freedom stops when it endangers people's lives, health, security or liberty. Moreover, the exercise of these freedoms shall be governed by the laws of the UAE. Islam does not differentiate between nationalities and races. Therefore, respect for cultural differences and equal treatment of people regardless of their origins is the base of the community of Dubai where security and peace prevail.

### **4.1. Insults:**

Swearing, profanities, insults and all kinds of vulgar language are strictly forbidden in Dubai and are legally reprehensible in case of complaint. All kinds of aggressive or offensive gestures are considered a public offense and are subjected to fines or imprisonment.

### **4.2. Queuing:**

## Section 5 – Disclaimer of Warranties and Limitation of Liability.

- a. **Unless otherwise separately undertaken by the Licensor, to the extent possible, the Licensor offers the Licensed Material as-is and as-available, and makes no representations or warranties of any kind concerning the Licensed Material, whether express, implied, statutory, or other. This includes, without limitation, warranties of title, merchantability, fitness for a particular purpose, non-infringement, absence of latent or other defects, accuracy, or the presence or absence of errors, whether or not known or discoverable. Where disclaimers of warranties are not allowed in full or in part, this disclaimer may not apply to You.**
- b. **To the extent possible, in no event will the Licensor be liable to You on any legal theory (including, without limitation, negligence) or otherwise for any direct, special, indirect, incidental, consequential, punitive, exemplary, or other losses, costs, expenses, or damages arising out of this Public License or use of the Licensed Material, even if the Licensor has been advised of the possibility of such losses, costs, expenses, or damages. Where a limitation of liability is not allowed in full or in part, this limitation may not apply to You.**
- c. The disclaimer of warranties and limitation of liability provided above shall be interpreted in a manner that, to the extent possible, most closely approximates an absolute disclaimer and waiver of all liability.

## Section 6 – Term and Termination.

- a. This Public License applies for the term of the Copyright and Similar Rights licensed here. However, if You fail to comply with this Public License, then Your rights under this Public License terminate automatically.
- b. Where Your right to use the Licensed Material has terminated under Section [6\(a\)](#), it reinstates:
  1. automatically as of the date the violation is cured, provided it is cured within 30 days of Your discovery of the violation; or
  2. upon express reinstatement by the Licensor.

For the avoidance of doubt, this Section [6\(b\)](#) does not affect any right the Licensor may have to seek remedies for Your violations of this Public License.

- c. For the avoidance of doubt, the Licensor may also offer the Licensed Material under separate terms or conditions or stop distributing the Licensed Material at any time; however, doing so will not terminate this Public License.
- d. Sections [1](#), [5](#), [6](#), [7](#), and [8](#) survive termination of this Public License.

- a. The Licensor shall not be bound by any additional or different terms or conditions communicated by You unless expressly agreed.
- b. Any arrangements, understandings, or agreements regarding the Licensed Material not stated herein are separate from and independent of the terms and conditions of this Public License.

### **Section 8 – Interpretation.**

- a. For the avoidance of doubt, this Public License does not, and shall not be interpreted to, reduce, limit, restrict, or impose conditions on any use of the Licensed Material that could lawfully be made without permission under this Public License.
- b. To the extent possible, if any provision of this Public License is deemed unenforceable, it shall be automatically reformed to the minimum extent necessary to make it enforceable. If the provision cannot be reformed, it shall be severed from this Public License without affecting the enforceability of the remaining terms and conditions.
- c. No term or condition of this Public License will be waived and no failure to comply consented to unless expressly agreed to by the Licensor.
- d. Nothing in this Public License constitutes or may be interpreted as a limitation upon, or waiver of, any privileges and immunities that apply to the Licensor or You, including from the legal processes of any jurisdiction or authority.
