

Student Project Grading Sheet

Project name : _____ Student name : _____

Semester: _____ Student ID : _____

Weekly Evaluation

Week	Date Range	Self	Group	Class	Instructor	Average
1						
2						
3						
4						
5						
6						
7						
8						
9						
10						
11						
12						
13						
14						
15						
Semester						
Average						

At the end of each week of work, student shall rate themselves, have their group and class and instructor rate their work (& give feedback). These 3 grades will be averaged together to produce a grade for the week. The average of all weeks so far should be written in the rightmost column. The semester grade will be the average of all 15 weeks' work. For individual projects, the group column shall be empty.

Grading Scale Key

Letter grade	GPA equiv.	Semantics
A+	4.5	Way above expectations
A	4.0	Exceeded expectations
B+	3.5	Better than expected
B	3.0	Met expectations
C+	2.5	Below Expectations
C	2	A little below expectations
D+	1.5	Well below expectations
D	1	Way below expectations
F	0	Did not do anything
