The Training Company

Primavera

Course Description

This course provides hands-on training for Primavera's client/server based solution. Participants will gain a thorough background in the concepts of planning and scheduling. Scheduling techniques will be covered. This three-day course leads you through hands-on workshops that create and track an entire project to completion. All workshops and instruction use the three basic elements of project management: schedule, resource and costs.

Duration: 3 days

Course level: Basic

Targeted role: Program Managers, Project Managers, Planners/Schedulers

Suggested Prerequisite

Knowledge of project management principles and a working knowledge of MS Windows
